WHY CHOOSE GAAP POINT OF SALE?

HARDWARE RENTAL PACKAGES

GAAP offers rental packages which make our systems both affordable and hassle-free

QUALITY PRODUCT

GAAP consistently strives to deliver a 'bulletproof' hardware & software solution that is both industry leading and hardened

ON-SITE SUPPORT

We offer professional onsite support with all our contract options. With the highest technician to customer ratio in the country you are assured prompt, professional service always!

ACCESS TO CALL-CENTRE

Helpdesk service 24/7/365 which caters for telephone and remote network support

FREE SOFTWARE TRAINING

Unlimited classroom environment training sessions in our main centres ensures you get the most from your investment

USER-FRIENDLY SOLUTION

Our product has evolved through constant feedback from the industry over the past 30 years. This has resulted in a user-friendly software solution that is both practical and functional

EFFORTLESS STOCK MANAGEMENT

Easily manage the core element of your business by tracking stock shortages as well as optimizing your order levels to ensure maximum profit

PRACTICAL REPORTING

To help you improve your operational efficiencies through analysis

CONVENIENCE

We utilize the latest technology to ensure that all your vital store information is available to you anytime, anywhere with our WEB APP and SMS features

FOCUSED, EXPERIENCED & PASSIONATE

GAAP strives for constant improvement and innovation

TRACK RECORD

GAAP has a rapidly growing customer base of well over 3000 customers incorporating over 60 national franchises and an international footprint

OFFICIAL IBM & EPSON BUSINESS PARTNERS

Ensuring we can offer industry leading hardware that is designed to endure the challenges of the hospitality environment at the lowest possible price.

GAAP MOBILE POS

A robust hardware solution together with wireless technology brings GAAP POS to tableside. This has a positive effect on turnover, staff cost & efficiency.

KITCHEN DISPLAY SCREENS

Advanced order management solution that notably increases order output coupled with some key features to better co-ordinate your prep areas.

VARIOUS THIRD PARTY INTEGRATIONS

GAAP has various third party integrations to products such as Liquor Control systems, EFT switching, Loyalty Programs, Property Management systems and Pastel amongst others. This can streamline the operation and management of all aspects of your business.

GAAP PRINTER DRIVER

Caters for customization of your bill layout and graphic logo printing. Also print redirecting in the event of any printers going off-line.

HARDWARE & SOFTWARE RENTAL

Our monthly rentals include hardware, software license fees, software upgrades, on-site support and FREE back office training. You have the option of one monthly fee that eliminates any surprises.

NATIONAL CALL-CENTRE

All GAAP customers have access to qualified technical support staff via our call-centre 24/7/365. We have implemented sophisticated software to log and track all calls as well as perform remote support.

SMS SERVICE

Convenient and cost effective way of receiving all your vital store information on a daily basis via SMS.

WEB APPLICATION

A very powerful web based reporting tool that allows you access to all your stores information via a secure username and password login.

ANTI-VIRUS

We have utilized state-of-the-art anti virus software to secure our private network ensuring system stability.

ENTERPRISE SOLUTION

A franchise management tool that maintains a central database and is capable of store level lock-down. This is a very cost-effective offering for big and small franchise groups.
